SCHOOL FEES AND LEVY INCREASES

In general terms, the school based fees and levies are increasing by approximately 3% for 2020. Catholic Education Office Tuition Fee and the Catholic Schools Building Fund contribution have increased in line with the Archdiocese of Canberra/Goulburn Catholic Education Commission decisions made in response to Australian and ACT Government education funding levels.

The Holy Family School Board has now considered the school budget and approved increases in some school-based fees and levies. These increases are directly linked to increased running costs.

PAYMENTS OF FEES OWING

Invoices for school fees and levies are sent home in Week 1 of each term. Payments are then required by the end of Week 5 in that term.

You are welcome to pay by cash, credit card, EFTPOS or BPAY (please check details on fee statement for Biller number and reference number).

If families are experiencing difficulties in meeting the required payments of school fees and levies, the School Board has a Fees Remission Policy in place. Please contact Tessa Ferguson in the Front Office or the Principal for more information. We sincerely thank families for their efforts and the sacrifices needed to financially support Catholic education at Holy Family School.
